1. ABOUT US

1. About us

Salvat Logistic Projects is a leading company in industrial projects, project cargo and chartering that provides traceability, transparency and technical solutions to the client needs. We are part of the Salvat Logistics Organization, a company founded more than 50 years ago. It provides high added value solutions as well as being leaders in the supply of freight transport services, customs clearance and logistics solutions.

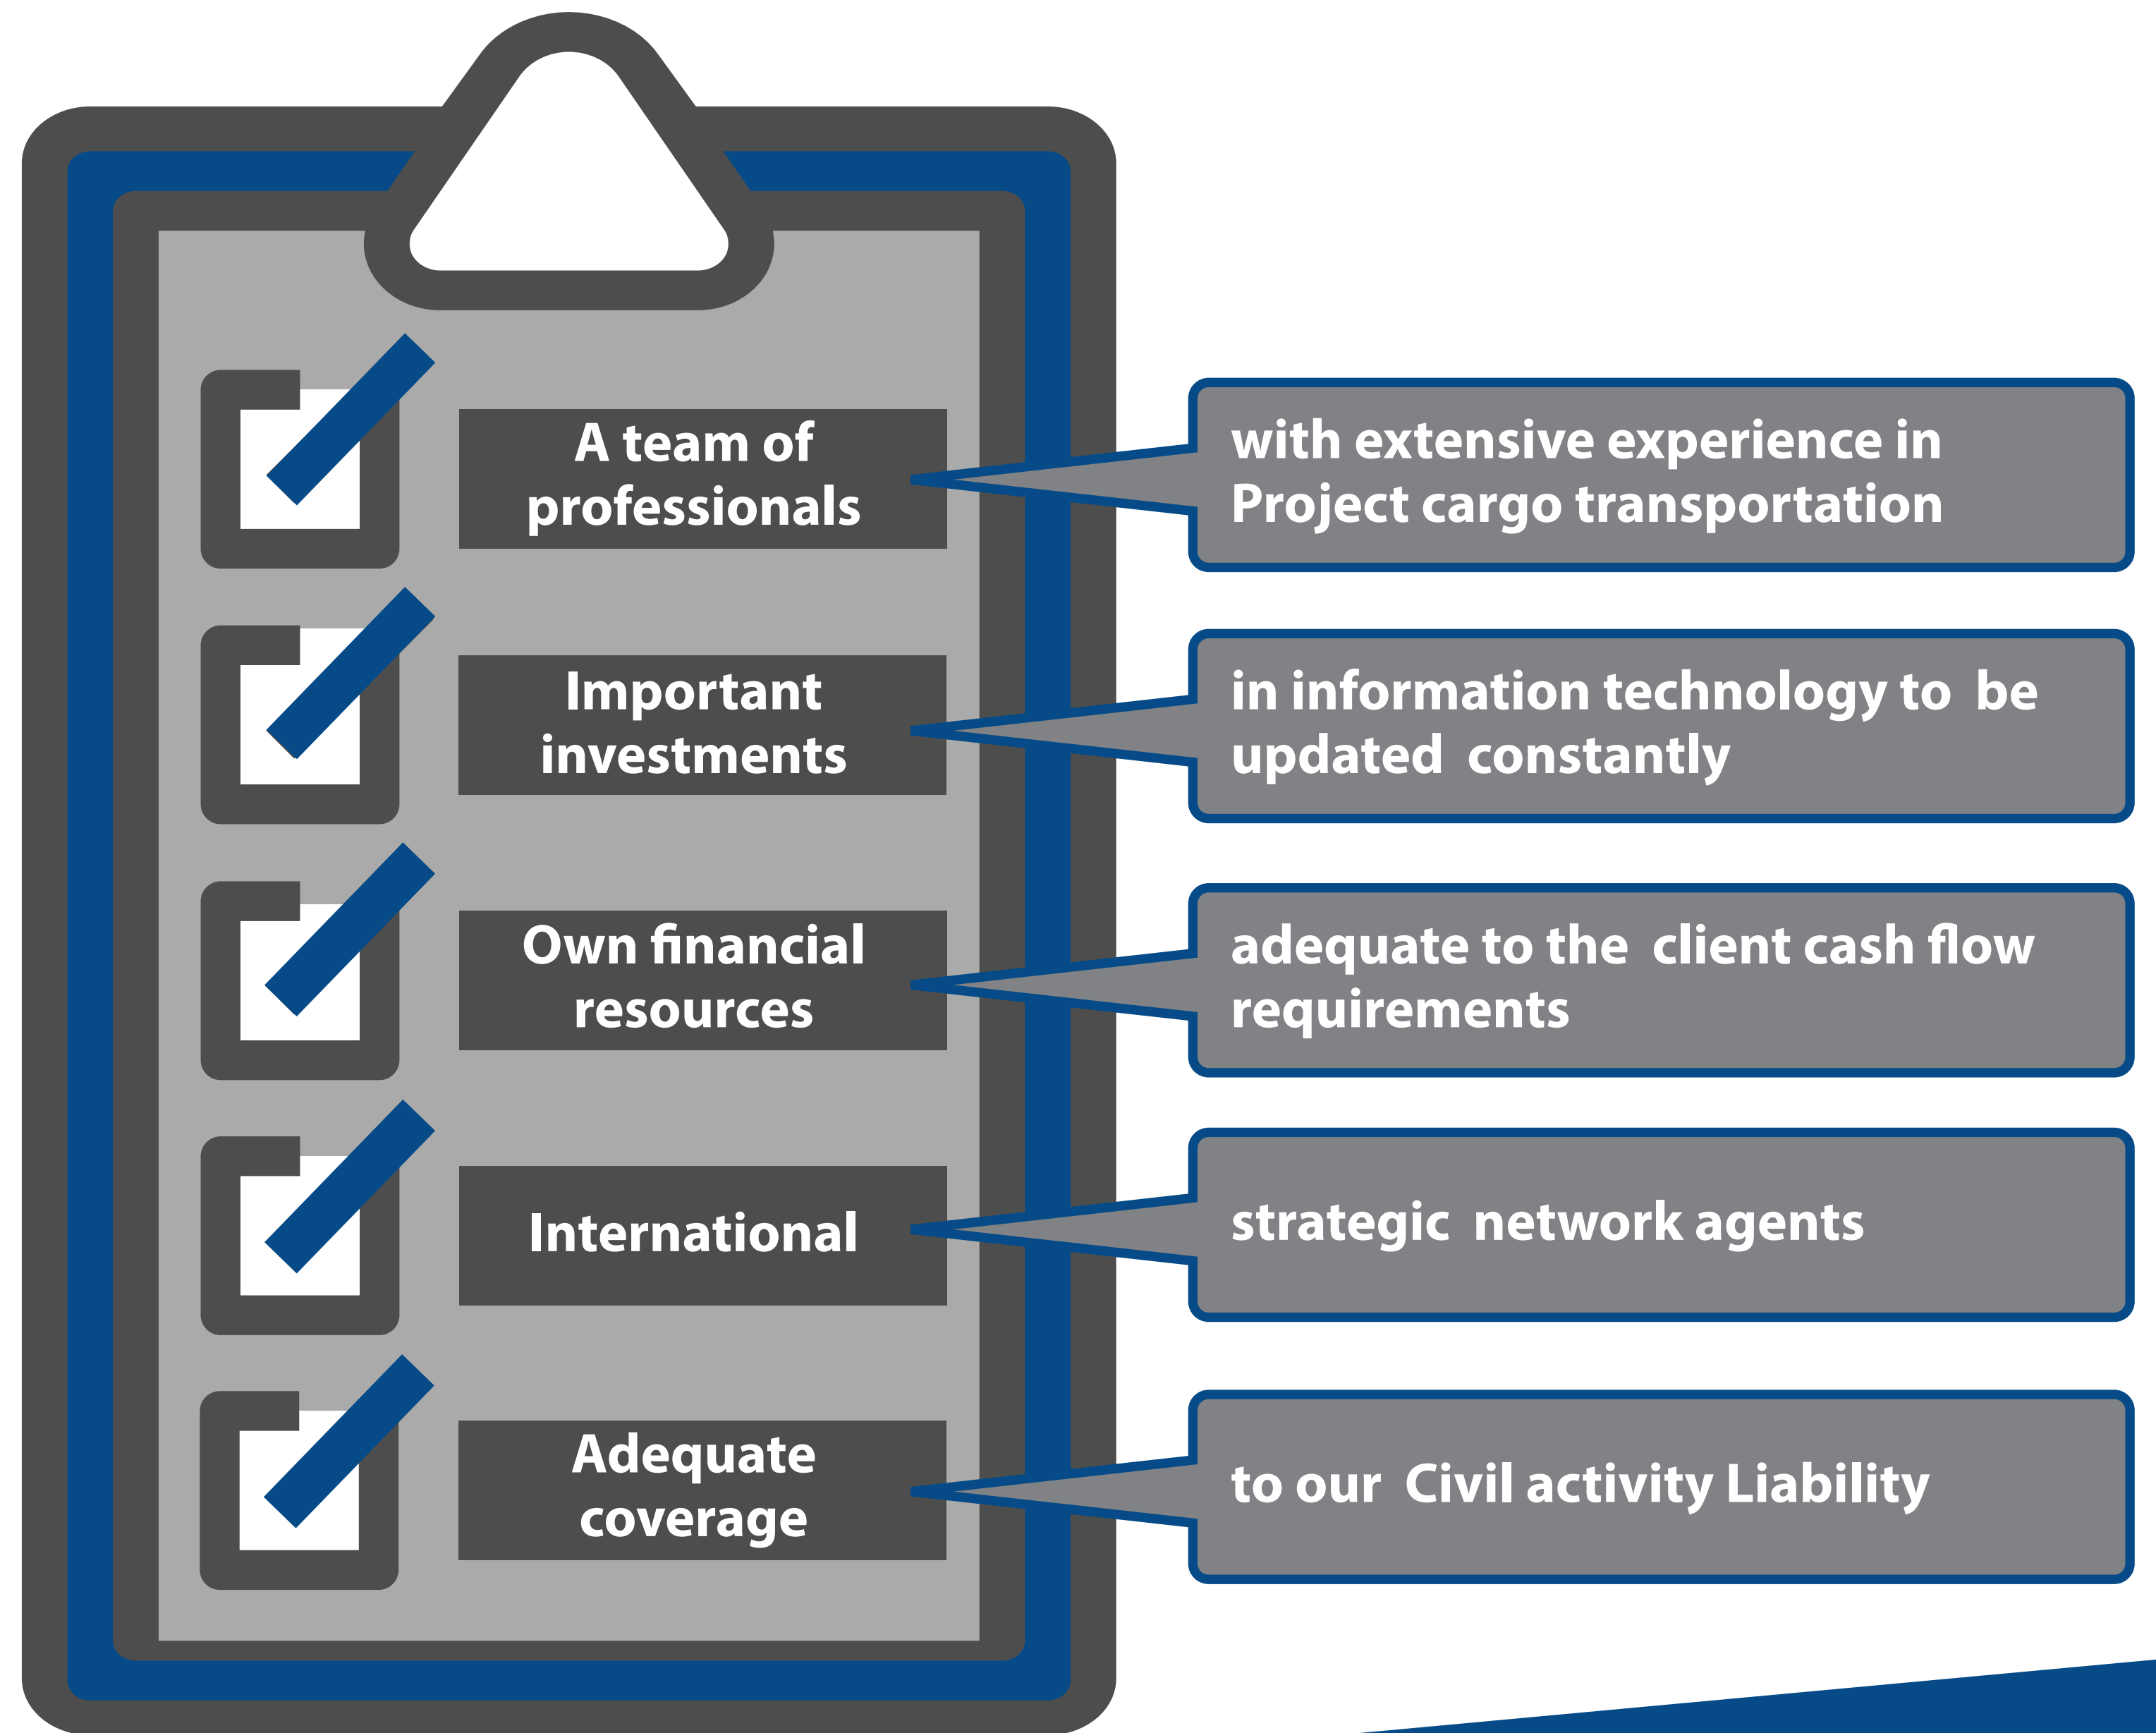

Advice and innovation in transport processes that require complex logistics and technical devices. We also improve costs as well as design with the customer, the best option for positioning the customer shipments anywhere in the world.

Salvat Logistic Projects S.L has headquarters in Barcelona and Bilbao, and it keeps special agreements with shipping companies, agents and port terminals, achieving global service coverage.

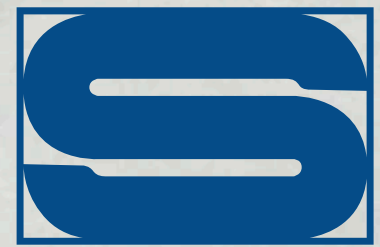

1. About us

We are aware of the complexity involved in the logistics of industrial projects, and the high capacities required to transport goods on time within a specific budget. Our commitment is absolute, and this is why we have:

3. PROJECTS IN AFRICA

3. Projects in Africa

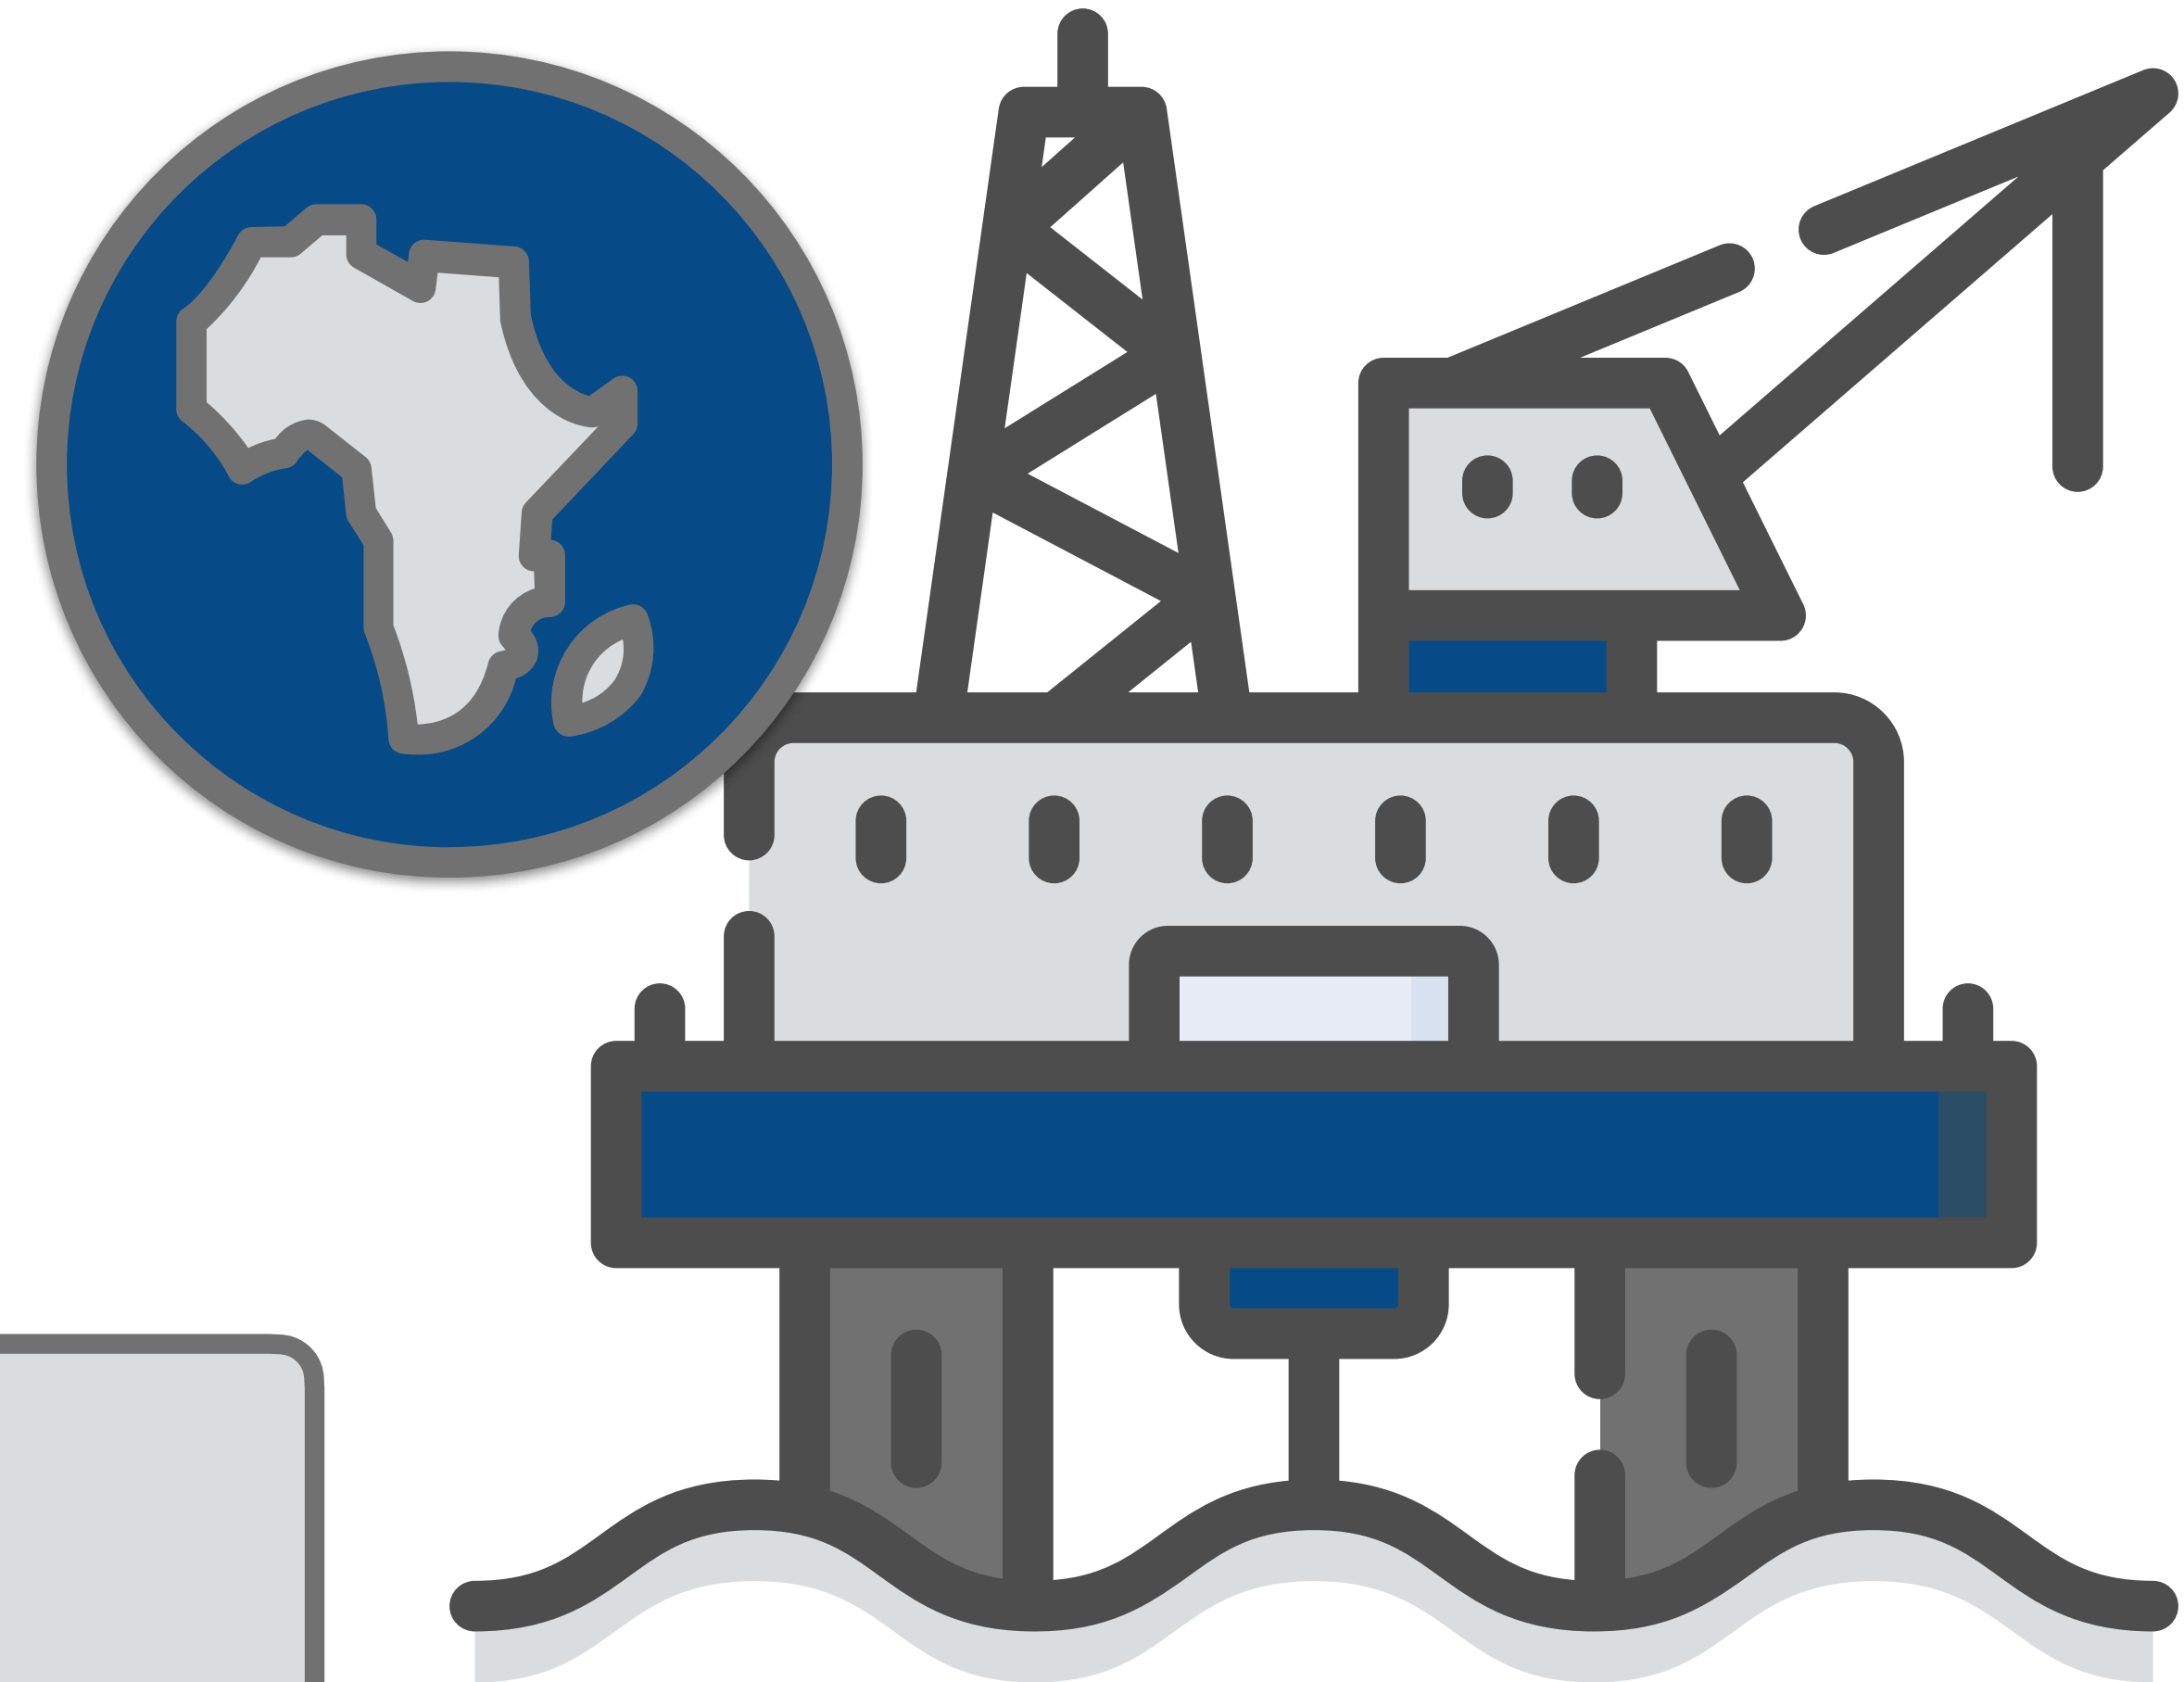

EXPERTS IN THE HARDEST ENVIRONMENT AND OPERATING CONDITIONS

Salvat Logistic Projects has bet for Africa, so it has become one of the reference shippers in Spain. We give advice to our clients of how to overcome the logistic barriers, and give access to one of the international markets with more future and progression. We have a commercial office in Equatorial Guinea.

We are developing projects in Angola, Senegal, South Africa, Kenya, Guinea, Burkina Faso, Morocco, Algeria, Mauritania, etc.
